## **CERTIFICATION OF CPNI FILING (February 6, 2006)**

- I, Thomas Keane, hereby certify that:
- 1. I am CEO of Network PTS, Inc. ("Network PTS"), a provider of local and long distance telecommunications services.
- 2. I have personal knowledge that Network PTS has established the operating procedures described below. In my opinion, these operating procedures are adequate to ensure compliance with Sections 64.2001-64.2009 of the Commission's rules. 47 CFR §§ 64.2001-64.2009.
- 3. Network PTS uses, discloses, or permits access to customer proprietary network information ("CPNI") pursuant to confidentiality agreements for the purposes of providing and billing for communications-related services. Network PTS may also use, disclose, or permit access to CPNI to protect Network PTS's rights or property, to

protect against fraudulent, abusive, or unlawful use of communications-related services, and to respond to compulsory legal process.

- 4. Network PTS does not sell or rent CPNI to other entities. Network PTS does not make CPNI available to its sales personnel and does not currently use, disclose, or permit access to CPNI for marketing purposes.
- 5. CPNI maintained by Network PTS is secured in password-protected data files. Access to CPNI data files is permitted only to authorized Network PTS personnel. Any unauthorized use, sale, or disclosure of CPNI by any employee of Network PTS would subject the employee to disciplinary action, up to and including immediate dismissal.

p.5

Respectfully Submitted,

Thoma Klane Thomas Keane

CEO

Network PTS, Inc.
